塔林客集团推出海上使用支付宝服务

Tallink starts offering AliPay payment solution to customers

塔林客集团成为第一家为用户提供支付宝支付方式的爱沙尼亚公司。从2018年7月伊始，乘客可以在塔林-赫尔辛基航线的 Megastar 浩瀚星际号游轮和 Star 星际号游轮上使用世界上最大电子支付方式-支付宝进行消费。乘客可以使用支付宝购买游轮商品，如免税商品、用餐和游轮旅行的附加服务等。

“塔林客诗丽雅游轮公司一直致力于为亚洲乘客提供优质的服务，此次支付宝成功上线也是塔林客集团把中文服务进行到底的一项重要举措之一。” - 塔林客集团首席执行官 Paavo Nõgene 先生说道。作为世界的支付宝，全球有超过八亿七千万人正在使用这种支付方式。这个夏末，支付宝还将陆续登录塔林客集团的其他游轮航线，敬请期待。

Tallink is the first major Estonian company to start providing its customers with the option of paying by means of the world's largest electronic payment solution, AliPay. Starting from July Tallink made the AliPay electronic payment solution available for buying goods and services at all the company's points of sale on its Tallinn-Helsinki route's Shuttles Megastar and Star. The primary target group of AliPay with its almost 870 million users worldwide is the ever-increasing segment of Chinese tourists. The payment solution will be rolled out to the group's other passenger ships by the end of the summer.

"The implementation of AliPay is another step by Tallink towards providing the best travel experience for the ever-growing number of Asian tourists on our ships," Paavo Nõgene, Chief Executive Officer of Tallink Grupp said. AliPay is the world's largest e-wallet service provider with 870 million users worldwide, which belongs to the Alibaba Group, a multinational commerce conglomerate worth over 500 billion US dollars.
